

January 3, 2013

Dear my beloved library patrons,

I hope you all had a wonderful holiday season! Lucy tells me she really enjoyed the holidays with the Library Manager's family. She also tells me that she really enjoys her time at the library and has read so many GREAT books! It's hard to believe I have been retired for a year now! Lucy says time has flown by! She can't believe she has been part of the library that long! She LOVES our library; that is for sure!!

She asked that we focus on the love of our library in January and February and I have to agree with her. Read below about 48 reasons why we love our library. Can you think of some of your own?

While we are thinking about that, also don't forget to bring in canned food items for our local food pantry this month and next. And, if you owe a fine, be sure to show your items to a library staff member so they can cancel some or all of your fines--1 item per \$1 in fines! I would have to say the library loves US too!!

Enjoy the snow and talk to you all soon!!

Your Friend,

Lucky the Library Lizard
