

Paper Plate Fish Craft

This cute little paper plate craft takes the triangular chunk you cut out for the mouth and turns it into the tail!

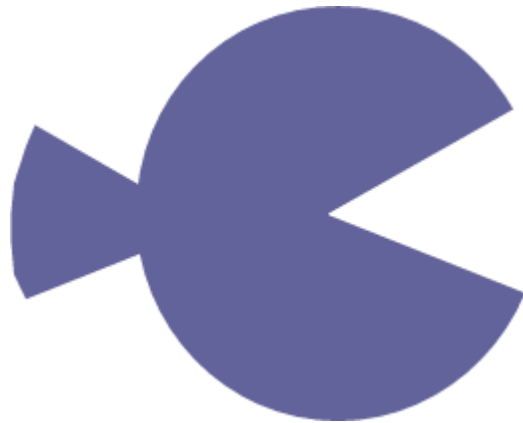

Materials:

- paper plate,
 - scissors,
 - stapler or glue,
- something to color with (paint, markers, crayons, etc)

- Cut a triangular shape out of the paper plate -- this will be the mouth.

- glue or staple the triangle onto the back of the paper plate as the tail

- Use crayon, markers or paint to decorate your plate as a fish.
