

# Olaf Paper Bag Craft

## **Materials:**

white paper bag

glue

scissors

something to color with

*Optional:* large wiggly eyes

## **Instructions:**

1. Color the pieces as appropriate and cut them out.
2. Look at your paper bag:
  - a. It should be closed and flat like a piece of paper.
  - b. On one side, it's all smooth. This will be the BACK of your puppet.
  - c. On the other side there's a flippy tab (which is typically the bottom of the bag when you're carrying your lunch around...) This flippy tab will be the HEAD.
  - d. Lift the flippy tab up a bit. Underneath the tab will be the mouth. When the child puts their hand in the bag, they'll be able to make the puppet talk.
  - e. Look at the rest of the front of the bag. (The 3/4 or so of the bag below the part with the flippy tab) This will be the BODY.
  - f. Look at the sides of the bag. There should be a FLAP of paper. We'll be slipping the arms into this flap.
3. Glue the eyes onto the head.
4. Glue the carrot nose onto the head, underneath the eyes.
5. Glue the large black mouth under the flippy tab so it is visible when the mouth is closed.
6. Glue the teeth under the flippy tab so they are still visible when the mouth is closed.
7. Glue the twiggly "hair" onto the top of the head.
8. Glue the arms into the FLAP.
9. Glue the three buttons down the center of the body.
